

k-love serves me as a resident in so many ways-it is a positive influence, it lifts my spirits, the songs and inspirational lessons are amazing to me, i do not have to fear about what is said with younger ears in the car...or older for that matter. If k-love were to be replaced it would be horrible for our community. I cannot tell you how many folks i bump into through out the day comment on how uplifted they feel by listening to k-love. This service provided by k-love is definitely in the public's interest. We need these types of positive influences in our society and community. there is a lot of pain and grief out in this world, k-love makes those difficult times easier.
